# HD Dancing Q from Seoul to Mercat de les Flors in Barcelona. 2005

# Cultural Ring/HPDMNet – ART FUTURA 2007

## Music performance from Brazil

The real challenge:

How to arrive to  
local cities and citizens?

# La Xarxa Transversal: a network of local cities interested in sharing culture

# 1. Connecting metropolitan centers with local theatres

Teatre Bartrina - Reus

Gran Teatre del Liceu

Teatre Principal - Olot

i2cat  
FUNDACIO

Teatre Monumental - Mataró

Teatre de l'Escorxador - Lleida

• **IP network, 34 Mbps symetrics**

## 2. To equip auditoriums as audiovisual studios

- 2 portable PCs
- 1 audio card
- 1 HD projector
- Power amplifier
- audio system.
- Audio mixer.
- Sony Anycast station

# 3. Sharing cultural events

**Poetry  
festivals**

**Guided tours**

**Master Class**

**Workshops**

**Courses**

**Conferences**

**Artistic  
performance  
s**

**“Difussion is where technology offers major opportunities to the opera in the XXI century” J. Matabosch.**

# Cultural Ring – Opera House Liceu Barcelona 2008

## Opera (Aida & Electra)

# Opera to the cities: first results

**5 local theaters connected**

**3082 new spectators**

**5 operas from El Liceu**

**76% of occupancy**

A major lesson:  
**Bi**-directional flow between  
cultural centers.

# Blending Pansori and Flamenco

## Two century-old arts learn to improvise together

The audiovisual management of this "jam session" (musical improvisation) was done in Citilab's main set in order to find a musical point of contact between two cultures playing live from Cornellà and Korea over the Internet, thanks to the **TEIN3** and **GEANT** networks interconnection.

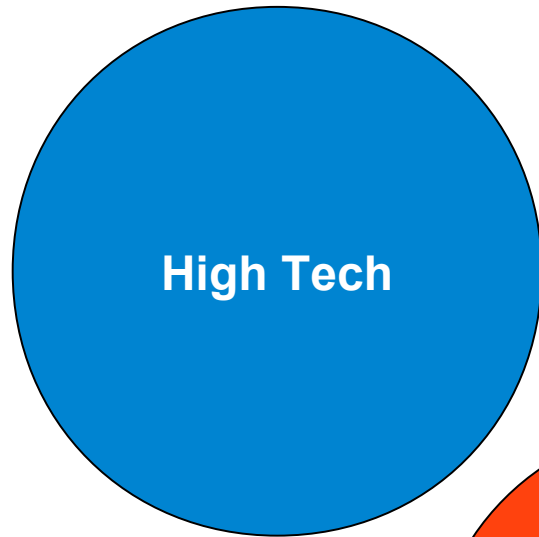

The collaboration was mutual: while the two Catalans played from Cornellà, a group of Korean musicians, directed by **Byunggon Kim**, *Daejeon Yeonjeong* Municipal Orchestra of Korea's leader, improvised pansori fragments. Later,
