

# Summary of the session «Involving e- Infrastructures in policy and implementing key indicators for DCH and e-Infrastructures

Roberto Barbera  
University of Catania & INFN & COMETA  
Italy

# Topics to add to the Paris Declaration

- Importance of the adoption of standards (e.g., SAML)
- Importance of interoperability of DCH repositories
- Importance of training

# Key indicators

- # of repositories and contents stored on e-Infrastructures (EGI and NGIs)
- # of types of contents and # of DCH areas
- # of NGIs and # of sites providing resources to DCH
- Size of the resources (e.g., Terabytes)
- # of IdPs in the DCH community (e.g., libraries)
- # of users registered in the e-Culture Science Gateway
- # of joint events per year and # of their attendees
- # of joint publications
